

## CONFERENCE REPORT

We gratefully thank all our wonderful Speakers, Conference Attendees, Students, Media Partners, Associations and Sponsors for making Data Mining 2019 Conference the best ever!

The International Conference on Big Data, Data Mining & Machine Learning, hosted by the Gavin Conferences was held during November 20-21, 2019 at Milan, Italy based on the theme “**Modern Technologies in Big Data and Feature Challenges in Data Mining**”. Benevolent response and active participation was received from the Organizing Committee Members along with Scientists, Researchers, Students and leaders from various fields of Big Data, Data Mining and Artificial Intelligence, who made this event a grand success.

Gavin Conference expresses its gratitude to the conference Moderator, **Sofia Meacham**, Bournemouth University, UK for taking up the responsibility to coordinate during the sessions. We are indebted to your support.

Data Mining 2019 Conference Venue: **Holiday Inn Milan - Assago**  
Tangenziale Ovest di Milano km 19, 20090 Milano MI, Italy

**The meeting reflected various sessions, in which discussions were held on the following major scientific tracks:**

- Data Mining Applications in Science, Engineering, Healthcare and Medicine
- Big Data Technologies
- Big Data Applications, Challenges and Opportunities
- Data Mining Methods and Algorithms
- Data Mining Cluster Analysis
- Data Mining for Cyber Security
- Data Mining and Machine Learning
- Artificial Intelligence
- Cloud Computing & E-commerce
- Internet of Things (IOT)
- Biostatistics Applications
- Statistical Methods
- Business Analytics

Gavin Conference also took privilege to felicitate the Keynote Speakers, Organizing Committee Members, Chairs and sponsors who supported this event

With the grand success of Data Mining 2019, Gavin Conference is proud to announce the “**2<sup>nd</sup> International Conference on Big Data, Data Mining & Machine Learning**” to be held during **July 28-29, 2020** at **Berlin, Germany**.
